## **OVERVIEW**

Island Lake Golf and Training Center opened in 1995 to critical acclaim. It is a hidden treasure that carved out its niche as an upscale executive length course. The 9-hole, par 28 layout includes eight par 3 holes of varying length and one short but difficult par 4 finishing hole. The course is challenging yet beginner-friendly. Golfers enjoy the friendly atmosphere created by professional staff and comfortable clubhouse.

The Island Lake Golf and Training Center is a family-oriented recreation center focusing on golf and golf-related activities. The golf course takes full advantage of the rolling hills and mature trees of this Ramsey County parkland. This is a challenging 9-hole course with water coming into play on five holes. The driving range and miniature golf putting course provide a fun-filled venue for the entire family. Saturdays and Sundays are family nights with special rates for families playing together. See rates below. For more information, check out our website at [www.islandlakegolf.com](http://www.islandlakegolf.com).

Hours of Operation: 6:30 AM to 10:00 PM
