ALDRICH ARENA SHOW POWER

For your convenience, Aldrich Arena has 2 power sources for your special show power needs. For a nominal fee Aldrich Arena will permit you to plug your cam lock & wiring into our 2 boxes which have pigtails with #2/0 size cam lock connectors. Sizes of service are as follows:

3 phase 200 amp per leg
3 phase 60 amp per leg

Aldrich staff will supply a list of vendors which rents cam locks, wiring & distribution boxes if needed for your event. **The cost for show power is $200.00 for the first day and $100.00 for each additional day of the event.**

If you opt to use your own electrician, the following procedures must be signed & followed:
I _____, have requested the use of show power for an event at Aldrich Arena. I _____ have full understanding that Ramsey County requires hook-up and disconnect of non-provided equipment be performed by a Minnesota Licensed Electrician at permittee's expense. Permittee must also supply cam locks, wiring & distribution boxes if needed for your event.

Our staff will not allow access without proper identification card and number at time of hook-up and disconnect.
